Profile

Frontend Developer with a passion for creating high-caliber, intuitive user interfaces. Driven by a product-centric mindset, I frequently venture into full-stack and mobile development to build tools that feel effortless, technically rigorous, and joyful for the user.

Experience

Robotair (INESC TEC), Front-End Intern — Porto, July 2025 – Aug 2025

- Led 60% of a full UI/UX redesign for the company's web application, modernizing critical modules like Robots, Pipelines, and Secrets using **React** and **Tailwind CSS**.
- Developed custom interfaces for the Rigel testing system and optional ROS deployments, significantly improving platform responsiveness and consistency.
- Contributed to a production-level product used by real clients by fixing critical bugs in build and testing workflows within an agile development environment.

NIAEFEUP, Recruit — Porto, Nov 2025 – Present

- Contributing to **uni**, an open-source **Flutter** application designed to centralize and streamline academic life for university students.
- Developing **Time Table Selector**, the official FEUP platform for class exchanges and planning, using **React** to optimize the user scheduling experience.
- Building the organization's new official website with **Svelte** and **Tailwind CSS** to improve information accessibility and member engagement.

Education

BSc **University of Porto**, Informatics and Computing Engineering [cite: 19] — Sept 2023 – June 2026 (Expected)

- **Relevant Coursework:** Databases and Web Applications Lab (LBAW), Web Technologies and Languages (LTW), Software Engineering (ES), Algorithm Design (DA).

Projects

Personal Portfolio

- Designed a high-performance website using **React**, **TypeScript**, and **Motion**, featuring interactive UI components, theme switching, and accessibility-first design.
- Live Demo: franciscapt.dev

junto. — Social Media Platform

- Co-developed a full-stack social network for cultural interests using **Laravel**, **PostgreSQL**, and **Docker**, architecting a robust schema for media reviews and social interactions.
- Implemented features including Google OAuth, real-time messaging, and AJAX feed updates.

Volunteering

VO.U, Pelos Animais — Sept 2024 – Present

- Actively contribute to animal care and welfare while assisting in events to raise awareness.

Mentoria UP — Sept 2025 – Present

- Provide guidance and support to first-year students to facilitate academic and social integration.
